

What is Community Acupuncture?

linic, patients are treated in comfortable recliner chairs, in a quiet, soothing, supportive community setting. A simple and effective style of acupuncture is dusing points mainly on the head and limbs – and yes, we can treat back pain very effectively without ever needling into your back! Here at PCA, family, and neighbors find themselves napping together as they work towards common goals of better health, reduced pain, and relief from stress. Together, with nity acupuncture clinics across the country apart of People's Organization of Community Acupuncture, or POCA, we plan to make affordable acupuncture
